

Equipment Rental Application – US Only

Email completed forms to: orders@energyconservatory.com

- Please provide all the following information 3 weeks (15 business days) prior to expected rental period. This allows us to check availability.
 - Any missing information may delay your reservation.
- Equipment is rented at 15 business day intervals (TEC Dock to TEC Dock)
 - This allows 2 weeks on site and 1 week of shipping from and back to TEC.
- Once completed, an email with the contract/quote will be sent over for your review, typically within a couple days.
- If you have any questions, please contact us at 612-827-1117

Rental Intake Questions

1. How many fans in total do you need? _____

Unsure? Please check out our [fan calculator](#) on the TEC website

Do you know how many of each kit you will want?

Rental Kit 1 (1-Fan Kit): Qty = _____

Rental Kit 2 (2-Fan Kit): Qty = _____

Rental Kit 3 (3-Fan Kit): Qty = _____

Note: we provide one DG-1000 gauge and accessories with each fan.

2. What dates are you planning to rent the equipment?

Leave TEC Dock on: _____ (To be Returned to TEC Dock 15 business days later).

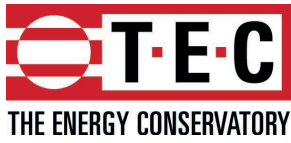

Reservation dates can be changed or cancelled up to 15 business days prior to reservation period start. Cancellations or date changes within 15 business days of the reservation date may result in additional fees. See note 1 for more details.

3. Describe the building you are testing and general test set-up to help us ensure you get the right equipment. (Ex: Testing a large, single zone warehouse. Estimated to need 23 fans in 10 doors).

4. Any additional items you would like to purchase with the rental? (ex. Duct Mask)
